

The Poultry Industry Creates Jobs in Minnesota

Minnesota companies that produce and process poultry and eggs are an integral part of the state's economy. Poultry producers, along with the companies that provide supplies and materials to the industry, provide well-paying jobs in the state and pay significant amounts in taxes to state and federal governments.

Economic Impact of the Poultry Industry in Minnesota

	Direct	Supplier	Induced	Total
Jobs (FTE)	24,996	41,843	37,443	104,282
