

## The Poultry Industry Creates Jobs in North Dakota

North Dakota companies that produce and process poultry and eggs are an integral part of the state's economy. Poultry producers, along with the companies that provide supplies and materials to the industry, provide well-paying jobs in the state and pay significant amounts in taxes to state and federal governments.

### Economic Impact of the Poultry Industry in North Dakota

	Direct	Supplier	Induced	Total
Jobs (FTE)	1,546	4,888	1,807	8,241
Wages	\$61,672,200	\$169,519,000	\$87,424,400	\$318,615,600
Economic Impact	\$603,572,400	\$1,802,853,200	\$350,126,500	\$2,756,552,100

### The Poultry Industry is an Integral Part of the Economy in North Dakota

- ❖ The poultry and egg industry in North Dakota employs as many as 1,546 people across the state and generates an additional 6,695 jobs in supplier and ancillary industries. These include jobs in companies supplying goods and services to the industry.<sup>1</sup>
- ❖ These are good jobs paying an average of \$38,700 in wages and benefits. And in today's economy, every job is important. In fact, in North Dakota the unemployment rate has reached 4.4 percent. This means that there are 17,300 people trying to find jobs across the state.<sup>2</sup>

### The Economic Benefits of the Industry Spread Throughout the State

- ❖ Not only does the poultry and egg industry create good jobs in North Dakota but the industry also contributes to the economy as a whole. The broader economic impact flows throughout the economy, generating business for firms seemingly unrelated to the poultry and egg industry. Real people, with real jobs, working in industries as varied as banking, real estate, accounting, even printing all depend on the poultry and egg industry for their livelihood.
- ❖ In fact, in 2020, the industry was responsible for as much as \$2.76 billion in total economic activity throughout the state, creating or supporting as many as 8,241 total jobs.
- ❖ Not only does the poultry and egg industry create jobs, it also generates sizeable tax revenues. In North Dakota, the industry and its employees pay about \$35.62 million in federal taxes, and \$35.95 million in state and local taxes.
